

An Independent Insurance Risk Management Agency

---

## Welcome to **Rx Shield**™

A specialized approach to quality coverage for pharmacies and drug stores.

You are in the business of helping people and RiskBlock will be there to ensure you can provide the best care and service to your community. We have worked with several pharmacies over the years to develop insurance plans that meet their specific needs as a business and medical service provider.

Whether you are providing medication for a serious illness or recommending the right over-the-counter remedy, mistakes can happen. The tremendous care, effort and time you put into building your business and delivering excellent service should not be jeopardized because you didn't have the right insurance plan.

That's why we created the **Rx Shield**, to offer a specialized insurance strategy for your special business. RiskBlock will take care of the details so you can focus on taking care of people.
